### A Latex Implementation of Mike Morrison's Better Poster

Lana Sinapayen, Someone Else

#### 1 Intro

- Just give some context
- No need to cite papers
- because people can download your paper

#### 2 Methods

- $N = 30$
- Some math:  $w_1 = \epsilon$
- Collected this
- Tested with X statistical test

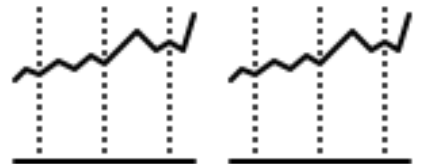

#### 3 Results

- Your
- Talking
- Points

#### Extra figures

Add your things here

- Stuff you don't want to forget
- But is not essential

← Download the paper
